It is solely the patient's responsibility to schedule and keep appointments. No refunds will be provided for dues paid under any circumstances, including failure to schedule and maintain appointments. Membership may not be canceled before six monthly payments are made. # Are you one of the **131 MILLION** **Americans** without dental insurance?

**W**e get it. Great dentistry can be expensive, especially if you don't have dental insurance. In order to better serve our community, we set out on a mission to find a solution for our uninsured patients. The result is our very own Patient Loyalty Program, which enables you to make low monthly payments for care in return for your commitment to remain a loyal patient.

It's like going back in time to an era when patients and their doctors worked together to find affordable healthcare solutions without a middleman insurance bureaucracy. The end result: greater savings on preventive and restorative care. Now that's a solution worth smiling about!
